“985.28. A recognized arts organization is required to expend, in any taxation year, on artistic or cultural activities carried on by it or by way of gifts made by it to qualified donees, amounts that are at least equal to its disbursement quota for that year.

“985.29. The Minister may, on application made to the Minister in prescribed form by a recognized arts organization, specify an amount in respect of the organization for a taxation year and, for the purposes of section 985.28, that amount is deemed to be an amount expended by the organization in the year on artistic or cultural activities carried on by it.

“985.30. Where a recognized arts organization has expended a disbursement excess for a particular taxation year, the organization may, for the purpose of determining whether it complies with the requirement of

section 985.28 for its immediately preceding taxation year or any of its five immediately subsequent taxation years, include in the computation of the amounts expended on artistic or cultural activities carried on by it or by way of gifts made by it to qualified donees, such portion of the disbursement excess for the particular year as was not so included under this section for any preceding taxation year.

The disbursement excess referred to in the first paragraph is the amount by which the aggregate of all amounts expended in the particular year by the recognized arts organization on artistic or cultural activities carried on by it or by way of gifts made to qualified donees exceeds its disbursement quota for that year.

“985.31. A recognized arts organization may, with the approval in writing of the Minister, accumulate property for a particular purpose, on such terms and conditions, and over such period of time, as specified in the approval.

Property accumulated by a recognized arts organization as provided in the first paragraph, including any income related thereto, is deemed to have been expended on artistic or cultural activities carried on by the recognized arts organization in the taxation year in which the property was so accumulated and not to have been expended in any other taxation year.

However, where property accumulated by a recognized arts organization as provided in the first paragraph, including any income related thereto, is not used for the particular purpose contemplated in that paragraph either before the expiration of the period referred to therein or at an earlier time at which the organization decides not to use the property for that purpose, it is deemed to be a gift for which the organization issued a receipt described in section 712 or 752.0.10.3 in its taxation year in which such period expires or such decision is made, as the case may be.

“DIVISION III

“INFORMATION RETURN

“DIVISION IV

“REVOCATION OF RECOGNITION

“985.33. The Minister may, in the manner described in sections 1064 and 1065, revoke the recognition of an arts organization where the organization fails to comply with the requirement of section 985.28 for a taxation year.

“985.34. Where a recognized arts organization has made a gift to another recognized arts organization and it may reasonably be considered that one of the main purposes of making the gift was to unduly delay the expenditure of amounts on artistic or cultural activities, the Minister may, in the manner described in sections 1064 and 1065, revoke the recognition of the arts organization that made the gift and, where it may reasonably be considered that the arts organizations acted in concert, of the other arts organization.

“985.35. Sections 1063 to 1065, 1069 and 1071 to 1076 of this Act and Division V of Chapter III of the Act respecting the Ministère du Revenu (chapter M-31) apply, with the necessary modifications, to a recognized arts organization as if it were a registered charity.”

(4) by adding, after the third paragraph, the following paragraphs:

“For the purposes of the first paragraph, that portion of the consideration paid by the taxpayer under a particular contract referred to in subparagraph *d* or *e* of that paragraph must be reduced by any amount paid for the acquisition of property, other than a property resulting from scientific research and experimental development.

In this section, “wages” means the income computed under Chapters I and II of Title II of Book III.”

$$40\% - \frac{[(A - \$25,000,000) \times 20\%]}{\$25,000,000}.$$

$$40\% - \frac{[(A - \$25,000,000) \times 20\%]}{\$25,000,000}$$

For the purposes of the formula in the first paragraph, A is the assets of the corporation determined as provided in this division.

Where the corporation referred to in the first paragraph is a cooperative, the first paragraph shall be read without reference to the words “net shareholders” and as if the reference therein to “submitted to the shareholders” were a reference to “submitted to the members”.”;

(2) where the assets of the corporation or the net shareholders’ equity, or its assets if the corporation is a cooperative, for its preceding taxation year or, if the corporation is in its first fiscal period, at the beginning of its first fiscal period, were greater than or equal to \$25,000,000 but less than \$50,000,000 and greater than \$10,000,000, respectively, for the purposes of sections 1029.7.7 to 1029.7.10 of the said Act, only the wages paid after that date shall be taken into account;

(3) where the assets of the corporation or the net shareholders' equity, or its assets if the corporation is a cooperative, for its preceding taxation year or, if the corporation is in its first fiscal period, at the beginning of its first fiscal period, were less than \$25,000,000 and not more than \$10,000,000, respectively, for the purposes of sections 1029.7.7 to 1029.7.10 of the said Act, the expenditure limit of the corporation for the taxation year that includes 9 May 1996 shall in no case exceed the amount of the limit that would otherwise be determined for the year but for subsection 1.

186. (1) Section 1029.7.3 of the said Act, replaced by section 123 of chapter 63 of the statutes of 1995 and amended by section 71 of chapter (*insert the chapter number of Bill 42*) of the statutes of (*insert the year of assent to Bill 42*), is again amended by replacing the first paragraph by the following paragraph:

(b) 250% of the aggregate of all amounts each of which is an amount deemed to have been paid to the Minister under section 1029.8.36.55, as partial payment of its tax payable, by the qualified corporation in respect of the eligible vessel for a preceding taxation year ;

“1175.12. For the purposes of this Part, the capital allowance for a taxation year of a life insurer that carries on business in Canada at any time in the year is the total of

(a) \$10,000,000;

(b) 1/2 of the amount by which the lesser of the following amounts exceeds \$10,000,000:

- ii. its taxable capital employed in Canada for the year; and

(e) 3/4 of the amount by which its taxable capital employed in Canada for the year exceeds \$300,000,000.

Notwithstanding the first paragraph, where a life insurer is related at the end of a taxation year to another life insurer that carries on business in Canada, its capital allowance for the taxation year is, subject to sections 1175.13, 1175.15 and 1175.16, nil.

“1175.13. A life insurer that carries on business in Canada at any time in a taxation year and is related at the end of the year to another life insurer that carries on business in Canada may file with the Minister, on behalf of the related group of life insurers of which the life insurer is a member, an agreement in prescribed form under which an amount that does not exceed the total of the following amounts is allocated for the year among the members of the related group:

(a) \$10,000,000;

(b) 1/2 of the amount by which the lesser of the following amounts exceeds \$10,000,000:

- i. \$50,000,000, and
- ii. the total of all amounts each of which is the taxable capital employed in Canada of a life insurer for the year that is a member of the related group;

ii. the total of all amounts each of which is the taxable capital employed in Canada of a life insurer for the year that is a member of the related group;

(d) $\frac{1}{2}$ of the amount by which the lesser of the following amounts exceeds \$200,000,000:

i. \$300,000,000, and

ii. the total of all amounts each of which is the taxable capital employed in Canada of a life insurer for the year that is a member of the related group; and

(e) $\frac{3}{4}$ of the amount by which the total of all amounts each of which is the taxable capital employed in Canada of a life insurer for the year that is a member of the related group, exceeds \$300,000,000.

“1175.14. For the purposes of sections 1175.12 and 1175.13, the taxable capital employed in Canada of a life insurer for the year is, in the case of a life insurer that is resident in Canada at any time in the taxation year, the aggregate of

(a) the amount obtained by multiplying the aggregate of the capital of the life insurer for the taxation year and the amount determined for the year in respect of the capital of its foreign insurance subsidiaries by the proportion that the Canadian reserve liabilities of the life insurer at the end of the taxation year is of the aggregate of its total reserve liabilities at the end of the year and the amount determined for the year in respect of the total reserve liabilities of its foreign insurance subsidiaries; and

(b) the amount by which

i. the amount of the reserves of the life insurer for the year, other than its reserves in respect of amounts payable out of segregated funds, that may reasonably be regarded as having been established in respect of its insurance businesses carried on in Canada, exceeds

ii. the aggregate of

(1) all amounts each of which is the amount of a reserve, other than the reserve described in paragraph a of section 840, to the extent that it is included in the amount determined under subparagraph i and is deducted in computing its income under Part I for the year,

(2) all amounts each of which is the amount of a reserve described in paragraph *a* of section 840, to the extent that it is included in the amount determined under subparagraph *i* and is deductible under that paragraph *a* in computing its income under Part I for the year, and

(3) all amounts each of which is the amount outstanding, including any interest accrued thereon, at the end of the year in respect of a policy loan, within the meaning of paragraph *h* of section 835, that was made by the life insurer, to the extent that it is deducted in computing an amount determined under subparagraph 2.

For the purposes of sections 1175.12 and 1175.13, the taxable capital employed in Canada of a life insurer for a taxation year is, in the case of a life insurer that, throughout a taxation year, is not resident in Canada, its capital for the taxation year.

“1175.15. The Minister may request a life insurer that carries on business in Canada at any time in a taxation year and, at the end of the year, is related to another life insurer that carries on business in Canada to file with the Minister an agreement described in section 1175.13 and, if the life insurer does not file the agreement within 30 days after receiving the request, the Minister may allocate among the members of the related group of life insurers of which the life insurer is a member for the year an amount not exceeding the total that would otherwise be determined under paragraphs *a* to *e* of section 1175.13 in respect of the related group.

“1175.16. For the purposes of this Part, the capital allowance for a taxation year of a member of a related group of life insurers is equal to the least amount allocated to that member for that year under an agreement described in section 1175.13 or by the Minister in accordance with section 1175.15.

“1175.17. Where a corporation, in this section referred to as the “first corporation”, has more than one taxation year ending in the same calendar year and is related in two or more of those taxation years to another corporation that has a taxation year ending in that calendar year, the capital allowance of the first corporation for each such taxation year at the end of which it is related to the other corporation is, for the purposes of this Part, an amount equal to its capital allowance for the first such taxation year.

“1175.18. For the purposes of this Part, two corporations that would, but for this section, be related to each other solely because of the control of any corporation by Her Majesty in right of Canada or a province, or a right referred to in paragraph *b* of section 20, shall be deemed not to be related to each other.

However, where at any time a taxpayer acquires a right referred to in paragraph *b* of section 20 and it may reasonably be considered that one of the main purposes of the acquisition of the right was to avoid any limitation on the

amount of a corporation's capital allowance for a taxation year, for the purpose of determining whether, for the purposes of this Part, a corporation is related to any other corporation, the taxpayer is deemed to have acquired, at that time, the shares giving entitlement to the right.
