

## CHAPTER 70

An Act respecting the dispensary at Rivière-au-Tonnerre  
on the north shore of the St. Lawrence River

*[Assented to, the 19th of February, 1932]*

**W**hereas on the 30th of August, 1926, Ernest Jacques Preamble.

Duguay transferred, by deed under private writing, to Miss Eveline Bignell, nurse of the Provincial Bureau of Health, a certain immovable for the purpose of the establishing of a dispensary;

Whereas, in view of the improvements which had to be made to the immovable, the transferor agreed to claim no rent for five years and granted an option to purchase the immovable for the price of two thousand dollars;

Whereas, in fact, repairs and improvements to the said immovable for an amount exceeding six thousand dollars have been made and the cost thereof paid by the Government of the Province;

Whereas when the Government wished to exercise the right of option, it was informed by Germain Bélanger that the latter claimed a right of ownership on the said immovable;

Whereas doubts have arisen as to the right of ownership claimed by the said Germain Bélanger;

Whereas it is in the public interest that the dispensary carried on at such place for over five years continue its operations;

Whereas it is necessary to grant the Government a title to this property, leaving it for the courts to decide which of the claimants is entitled to the sum paid for such acquisition;

Therefore, His Majesty, with the advice and consent of the Legislative Council and of the Legislative Assembly of Quebec, enacts as follows:
