

## CHAPTER 144

An Act to amend the act respecting the church of the parish  
of *Ste. Catherine de Montréal*

[Assented to, the 19th of February, 1932]

**W**HEREAS the trustees of the parish of *Ste. Catherine de* Preamble.  
*Montréal* have, by their petition, represented:

That they were authorized by the act 13 George V, chapter 118, as amended by the act 15 George V, chapter 137, to build a parish church the cost whereof was not to exceed the sum of three hundred and twenty-five thousand dollars and, for the payment of the work of construction, to effect a loan or loans the total amount of which was not to exceed the sum of one hundred and seventy-five thousand dollars, repayable in a period not to exceed twenty-five years;

That the said act permitted the trustees to impose and levy by means of an act of apportionment made yearly an apportionment sufficient to provide for the repayment of the loans and certain other expenses, and for such object it was stipulated that for the first seven years the rate of the apportionment should be thirty cents per hundred dollars of the value indicated in the municipal valuation roll, and for the following years the rate was not to exceed twenty-five cents per hundred dollars of the value indicated in the said roll;

That, through unavoidable and unforeseen circumstances, the cost of erecting the church amounted to three hundred and thirty-nine thousand and five hundred dollars, thus exceeding by fourteen thousand five hundred dollars the sum authorized by the aforesaid act, and that the trustees have had to pay the excess out of the sums they received from the apportionment and it has been impossible for them hitherto to repay anything on the principal of the loan effected by them;

That there only remains a period of sixteen years to run on the period of twenty-five years during which the trustees were granted the right to impose an apportionment, and it is impossible to make complete repayment of the loan contracted by the trustees in that space of time, at least with an apportionment at the rate of twenty-five cents per hundred dollars of the municipal valuation of the taxable immoveables of the parish;

That, further, the trustees have found, in the two years in which they have had to levy the apportionment at the above rate of twenty-five cents, that it is impossible for them to provide for payment of interest and the repayment of the stipulated annuities of their debt;

That in these circumstances the trustees are obliged to again apply to the Legislature of this Province, to obtain an amendment to the special act 13 George V, chapter 118, already amended by the act 15 George V, chapter 137, to confirm and ratify the additional expense incurred by them for the erection of the church of St. Catherine, as stated above, and to extend the period of the loans effected by them as well as the period of apportionment to a period of thirty-five years;

That, by a resolution adopted by a regular meeting of the freeholders of the parish of St. Catherine held on the twenty-seventh of April, 1931, the trustees were authorized accordingly to apply to the Legislature of the Province of Quebec for the passing of a special act to amend the acts 13 George V, chapter 118, and 15 George V, chapter 137, for the purposes above set forth, as appears by a certified copy of the said resolution which accompanies the petition;

Whereas the prayer of this petition has been approved by the Ordinary of the diocese of Montreal, within whose limits the said parish is situated;

Whereas the trustees of the parish of St. Catherine have prayed for the passing of a special act in accordance with their petition and it is expedient to grant such prayer;

Therefore, His Majesty, with the advice and consent of the Legislative Council and of the Legislative Assembly of Quebec, enacts as follows:

13 Geo. V,  
c. 118, s. 3,
