to the practice of medicine, surgery and obstetrics,
after examination

[Assented to, the 11th of March, 1931]

W HEREAS Emile A. Jeannotte, of the city of West- Preamble.
mount, district of Montreal, has, by his petition, re-
presented:

That in September, 1903, he was admitted as a student
of medicine in Laval University, Montreal, and followed
the medical course of the said university for the four years
then required;

That in September, 1907, Laval University, at Montreal,
granted him a diploma of Doctor of Medicine;

That he began to attend the courses of the said university
without obtaining his admission to the study of medicine;

That only in May, 1930, did he obtain from the College of
Physicians and Surgeons of the Province, after passing the
required examinations in Letters and in Science, the permit
authorizing him to study medicine, which through un-
avoidable circumstances he was unable to obtain before
entering the said university;

That, in view of the foregoing, the College of Physicians
and Surgeons of the Province of Quebec has consented to
a bill being presented to authorize the petitioner to practise
medicine, after having undergone certain examinations
required by the said College;

Whereas it is expedient to grant his prayer to the above
effect;

Therefore, His Majesty, with the advice and consent of
the Legislative Council and of the Legislative Assembly of
Quebec, enacts as follows:
