An Act to authorize the College of Physicians and Surgeons of the Province of Quebec to admit Vincent P. Heney to the practice of medicine and surgery, after examination

[Assented to, the 15th of February, 1924]

WHEREAS Vincent P. Heney, of the city and district of Preamble. Ottawa, has, by his petition, represented:

That he was admitted to McGill University and has attended the said university and followed a medical course for the time required to complete such course;

That, in 1923, the said McGill University granted him the degree of Doctor in Medicine;

That he is desirous of practising his profession of medicine and surgery in the Province of Quebec;

That although he has fulfilled all the other requirements he did not register with the College of Physicians and Surgeons of the Province of Quebec at the time of his entrance upon his studies, which fact prevents him from practising his profession in this Province unless he is granted a special license authorizing him to do so;

That after due consideration the College of Physicians and Surgeons of the Province of Quebec has consented to the passing of an act for a license to practise medicine and surgery, after passing the medical examination required before the board of examiners of the said College;

That a certificate of the said College of Physicians and Surgeons of the Province of Quebec was filed with his petition;

Whereas the petitioner has prayed for an act to the effect that he be permitted to practise medicine and surgery after passing the medical examination required for a license before the board of examiners of the College of Physicians and Surgeons of the Province of Quebec; and

Whereas it is expedient to grant his prayer;

Therefore, His Majesty, with the advice and consent of the Legislative Council and of the Legislative Assembly of Quebec, enacts as follows:
