[Assented to, the 29th of December, 1922]

HIS MAJESTY, with the advice and consent of the Legislative Council and of the Legislative Assembly of Quebec, enacts as follows:

1. Title first of the Revised Statutes, 1909, comprising articles 60 to 80, inclusive, is replaced by the following:

"TITLE I

"TERRITORIAL DIVISION

"CHAPTER FIRST

"BOUNDARY BETWEEN THE PROVINCES OF QUEBEC AND ONTARIO

"**WHEREAS**, by an order of His Majesty's Privy Council, bearing date the month of August, in the year one thousand seven hundred and ninety-one, it was ordained that the then Province of Quebec should be divided into two distinct Provinces, to be called the Province of Upper Canada, and the Province of Lower ^{Preamble.}

Canada, by separating the said two Provinces according to the following line of division, as set forth in the royal proclamation of the eighteenth of November, one thousand seven hundred and ninety-one, viz: "To commence at a stone boundary on the north bank of the lake St. Francis, "at the cove west of Pointe au Bodet, in the limit between "the township of Lancaster and the seigneurie of New "Longueuil, running along the same limit in the direction "of north thirty-four degrees west, to the westernmost "angle of the said seigneurie of New Longueuil, thence "along the northwestern boundary of the seigneurie of "Vaudreuil, running north twenty-five degrees east, until "it strikes the Ottawa river, to ascend the said river into "the lake Tomiscanning, (*Témiscamingue*), and, from the "head of the said lake, by a line drawn due north until it "strikes the boundary line of Hudson's Bay, including all "the territory to the westward and southward of the said "line, to the utmost extent of the country commonly called "or known by the name of Canada"; and whereas the point to be regarded as the head of lake Temiscamingue has never been authoritatively determined, and, in consequence, that portion of the boundary line between the Provinces of Lower and Upper Canada, now respectively named the Provinces of Quebec and Ontario, north of the said lake, has never been defined; and whereas it was considered expedient by the Governments of the said Provinces of Quebec and Ontario, that the said undetermined portion of the said boundary line between the said Provinces should no longer continue uncertain, and it was, subject to ratification by the Legislatures of the said Provinces and by the Parliament of Canada, agreed between the Governments of the said Provinces, that the point at the head of lake Temiscamingue, from which the said boundary line shall run due north, should be determined in the following manner, that is to say:

1. That a line should be surveyed running due east from a monument planted on the east bank of the river Blanche, the position of which monument is upon a map showing the proposed boundary, signed in duplicate by the Honourable Pierre Fortin, formerly Commissioner of Crown Lands of the Province of Quebec, and the Honourable Richard William Scott, formerly Commissioner of Crown Lands of the Province of Ontario, and filed in the Department of Lands and Forests of the Province of Quebec, shown and marked with the letter H; and that the said due east line should be continued to the west bank of the river Quinze;

2. That the said line so surveyed should be divided into two equal parts, and that, at the point of bisection, a permanent monument should be planted;

3. That, from the said point of bisection, a line should be run due south through the mainland and through the island marked upon the said map as Island No. 2, until the said line intersects the southern boundary of the said island, at the water's edge, and that the said point of intersection of the said line with the southerly boundary of the said Island No. 2, at the water's edge, should be the point at the head of lake Temiscamingue from which the boundary line between the said Provinces of Quebec and Ontario should be run due north;

And, whereas the Governments of the said Provinces of Quebec and Ontario have caused the said lines to be surveyed, and the said point to be determined upon the ground, and have also caused to be completed (from the mouth of the river Matawan) a survey of the shores of the river Ottawa and of lake Temiscamingue on both sides, and of the islands therein situated up to the point determined in the manner aforesaid at the head of lake Temiscamingue, and thence due north to the height of land dividing the waters, tributaries of the river St. Lawrence, from those, tributaries of Hudson's Bay;

And whereas the said Governments intend to have the survey so made, marked and laid down upon a map, to be signed conjointly by the Commissioner of Crown Lands for the Province of Quebec, and by the Commissioner of Crown Lands for the Province of Ontario;

And whereas, by chapter 28 of the acts of the Parliament of the United Kingdom of Great Britain and Ireland, passed in the session held in the thirty-fourth and thirty-fifth years of Her Majesty's reign, and intituled: "An Act respecting the establishment of Provinces in the Dominion of Canada," it is enacted: "that the Parliament of Canada may, from "time to time, with the consent of the Legislature of any "Province of the said Dominion, increase, diminish or "otherwise alter the limits of such Province, upon such "terms and conditions as may be agreed to by the said "Legislature, and may, with the like consent, make provision respecting the effect and operation of any such "increase or diminution, or alteration of territory in relation "to any Province affected thereby";

And whereas, it is expedient that the said line so surveyed and laid down should be established as the boundary line between this Province and the Province of Ontario;

"60. The Legislature of Quebec hereby consents that the Parliament of the Dominion of Canada do declare and establish the line surveyed, marked and laid down in the manner aforesaid, due north to the northerly limits of the said Provinces, as the boundary line between this Prov-

ince and the Province of Ontario, whether the same increases, diminishes or otherwise alters the limits of this Province. R. S. (1909), 60.

"CHAPTER SECOND

"NORTHWESTERN, NORTHERN AND NORTHEASTERN LIMITS OF THE PROVINCE

Preamble.

WHEREAS the act 34-35 Victoria, chapter 28, of the Parliament of the United Kingdom of Great Britain and Ireland, intituled: "An Act respecting the establishment of Provinces in the Dominion of Canada" enacts that the Parliament of Canada may, from time to time, with the consent of the Legislature of any Province, increase, diminish or otherwise alter the limits of such Province, upon such terms and conditions as may be agreed to by the said Legislature, and may, with the like consent, make provision respecting the effect and operation of any such increase, diminution or alteration of territory;

Whereas it has been agreed, between the Government of Canada and that of this Province, that the northwestern, northern and northeastern limits of the Province of Quebec, should be those hereinafter indicated, and it is expedient to give effect to such agreement;

Consent of

to certain

most southerly outlet of Dyke lake; thence along the middle of the said outlet to Birch lake, and thence along the middle of Birch and Sandgirt lakes to the most southerly outlet of Sandgirt lake; thence along the middle of the southern channel of the Hamilton river to Flour lake; thence along the middle of Flour lake to its outlet, and thence along the middle of the Hamilton river to the Bay du Rigolet or Hamilton Inlet; thence easterly along the middle of the said bay or inlet until it strikes the westerly boundary of the territory under the jurisdiction of Newfoundland; thence southerly along the said boundary to the point where it strikes the north shore of the Anse Sablon, in the gulf of St. Lawrence, the said line being shown in red as far as as Hamilton Inlet, upon the plan accompanying the copy of the Order of the Governor-General in Council No. 2623, dated the eighth July, 1896, transmitted to the Lieutenant-Governor of this Province, and now deposited among the archives of the Provincial Secretary.
