

## C H A P. 143

An Act to amend the act 2 George V, chapter 124, respecting the *fabrique* of the parish of St. Clément.

[Assented to 19th February, 1914]

**W**HEREAS the *curé* and churchwardens of *l'Œuvre* Preamble.  
*et fabrique* of the parish of St. Clément, acting through the special board constituted by the act of this Province, 2 George V, chapter 124, have presented a petition setting forth that the sum of one hundred and fifty thousand dollars which they are authorized to borrow by section 4 of the said act, is not sufficient to pay the former debt of the *fabrique* and the cost of the work they are doing on their parish church; that it is probable that they will have to borrow two hundred and fifteen thousand dollars for this twofold purpose; that, in view of the present condition of the money market, the said special board would be performing an act of good administration by borrowing on simple, short-date notes until the situation improves; that, in fact, by such means, it has already obtained, on advantageous conditions, various sums amounting in the aggregate to one hundred and four thousand, six hundred and fifty-one dollars and eighty-six cents, which have been applied to the work authorized by the said act; that the loans so effected have been approved by the Ordinary; that the petitioners have not yet levied any assessment on the freehold proprietors; that they have paid the interest out of the amounts borrowed, but that they intend to make out an assessment roll at the beginning of the year 1914, and to continue from year to year in accordance with the provisions of the said act; that it is expedient that the words: "one hundred and fifty thousand dollars" in section 4 of the said act be replaced by the words: "two hundred and fifteen thousand dollars"; that the loans effected and the payments of interest made as aforesaid be ratified in so far as the same may be necessary; that the petitioners be authorized to have recourse to the same mode of borrowing so long as it may be advantageous, and to pay the interest as aforesaid until their assessment roll is in force; that the freehold proprietors, the said special board and the Ordinary have given their consent to that effect;

Whereas it is expedient to grant such petition;

Therefore, His Majesty, with the advice and consent of the Legislative Council and of the Legislative Assembly of Quebec, enacts as follows:

2 Geo. V.,

ments rati-
