EXECUTIVE COUNCIL CHAMBER

*Copy of the Report of a Committee of the Honorable Executive Council
Dated the 28th March 1913, approved by the Lieutenant-Governor
on the 29th March, 1913.*

CONCERNING THE GRANTING OF LICENSES TO CHAUFFEURS, ETC.

No. 331.

The Honorable the Treasurer of the Province, in a memorandum dated the 28 March, 1913, recommends that the following regulations be adopted in connection with the Motor Vehicle Law:

1. Before his first license is issued to any chauffeur, the applicant shall file with the proper license issuer a certificate of competency from an authorized examiner, and also such references attesting to his sobriety and general good character as will satisfy the Department.

By "first license" is meant the first license issued to a chauffeur after the passing of this regulation.

2. In the cities of Quebec and Montreal the examiner shall be a professor of the Technical School of one or other of the said cities; in other centres, where it may appear advisable to do so, the Pro-

vincial Treasurer may appoint examiners located in such centres; provided, however, that each such examiner shall have obtained from one or the other of the Technical Schools of Quebec and Montreal a certificate of competency to act as such examiner.

3. The examination shall consist of three parts: An oral examination, a written examination and a demonstration. For the demonstration the chauffeur shall furnish his own car. The fee payable to the examiner for the double examination and the demonstration shall be \$3.00.

4. In the case of a chauffeur who has successfully followed the six months automobile course in a Technical School, such course shall be taken into consideration in his examination.

5. As regards chauffeurs who hold certificates obtained in a foreign country or in one of the other provinces of Canada, upon production by them of such certificate, the examiners may also take them into consideration in so far as may appear advisable.

6. Every year, when applying for his annual license, each chauffeur shall accompany his application by an unmounted photograph of himself in such form as the Provincial Treasurer may prescribe, said photograph to be taken within 30 days prior to the fying of the said application. Such photograph shall be furnished in duplicate, one copy to be gummed on the license, and the other to be fyled in the record of the chauffeur kept in the Treasury Department.

7. The number plates of motor vehicles shall be attached to the body of the car so as not to be easily removable and so as not to swing when the car is in motion, and must never be attached to the axle of the car, but to the body of the same. The bottom of each plate shall be horizontal and at such height from the ground as may be determined by the Department, but in no case shall it be less than 18 inches from the ground.

8. The only forms of number plates used shall be those issued by the Treasury Department, and no other plates than those so issued will be recognized by the Department.

9. All regulations adopted in the past and which are incompatible with the present regulations are hereby revoked.
