

Lachine road where they meet; thence southwesterly following the northern line of the said canal to the point of intersection of the eastern line of the original lot No. 916 of the said plan and book of reference, running towards the north following such line to the southwestern line of the said lot No. 915; thence westerly following the southwestern and western lines of lot No. 915 to the point of intersection of the former line of the Grand Trunk Railway of Canada, and thence following the said line to the point of departure.

2. The provisions of the Education Act respecting annexation of territory to school municipalities shall apply to the annexation enacted hereby, unless incompatible, as if the said annexation had been made under article 2589 of the Revised Statutes, 1909. Law to apply.

3. This act shall come into force on the first day of July 1913. Coming into force.

C H A P. 80

An Act to permit the school commissioners of the school municipality of Côte des Neiges to make an annual valuation roll.

[Assented to 21st December, 1912]

WHEREAS the school commissioners for the school municipality of Côte des Neiges, in the district of Montreal, have by their petition represented: Preamble.

That the general law which says that the municipal valuation of properties shall serve as a basis for the assessments imposed by school corporations, causes great injustice to be done them owing to the fact that by the annexation of Notre Dame des Neiges, now Mount Royal ward, to the city of Montreal under the act 1 George V (2nd session) chapter 60, section 2, lands under cultivation in the said school municipality are valued much below their value, namely at a uniform rate of one hundred dollars per acre;

That such agreement was incorporated in an act amending the charter of Montreal and was followed when the municipal valuation roll was made;

That the result is that lands under cultivation are now not valued at their real value but at a much lower one;

That the said school municipality has to incur considerable debts to provide for the needs of education, build school-houses, academies and for other purposes and, owing to such valuation by the city of Montreal, is deprived of the necessary revenue for

paving interest on its debts and providing for the current expenses of the said municipality;

Whereas it is expedient to grant the prayer contained in the said petition;

Therefore, His Majesty, with the advice and consent of the Legislative Council and of the Legislative Assembly of Quebec, enacts as follows:

R. S., 2836,
2837 not to
apply to
municipali-
ty, &c.

1. Articles 2836 and 2837 of the Revised Statutes, 1909, shall not apply to the school municipality of Côte des Neiges, which shall, notwithstanding the said two articles, have the right to make annually until the 1st May 1918 a valuation roll for lands under cultivation in the said municipality; and such valuation shall be made in accordance with articles 2840 and 2856 of the Revised Statutes, 1909, but articles 2836 and 2837 shall apply to all other immoveables in the municipality, and moreover, the said articles shall continue to apply, from the 1st May 1918, to all immoveables in the said school municipality.

Coming into
force.

3. This act shall come into force on the day of its sanction.

CHAP. 81

An Act to authorize the School Commissioners of the town of Longue Pointe to make a yearly valuation roll.

[Assented to 21st December, 1912]

Preamble.

WHEREAS the school commissioners for the school municipality of the town of Longue Pointe, in the district of Montreal have by their petition represented:

That the general law enacting that municipal valuation of properties shall serve as a basis for the taxes to be imposed by school corporations, causes great injustice to them, owing to the fact that, by an agreement between the proprietors of immoveables in the said municipality and the city of Montreal, when the town of Longue Pointe was annexed to the said city, the said immoveables are valued very much below their value, namely, at a uniform rate of one hundred dollars per arpent;

That such an agreement was incorporated in the act amending the charter of Montreal and is followed whenever the municipal valuation roll is made;

That the result is that the immoveables are not valued at their real value, but at a very much lower one;

That the said school municipality has contracted considerable debts to provide for education, building schools and academies
