## EXECUTIVE COUNCIL CHAMBER

---

QUEBEC, 4th May, 1908.

PRESENT: The LIEUTENANT-GOVERNOR in Council.

It is decreed that Order in Council No. 268 of the 12th May, 1906, respecting certain regulations connected with the Motor Vehicle Law of this Province be revoked, and that the following regulations be adopted under the authority of section 38 of the said Law.

1. The officers appointed to act under this law are for the purposes thereof, styled "Issuers of Motor Vehicle and Motor Cycle Licenses"; for the sake of brevity they may, when signing or countersigning the various forms, use the words "License Issuer".

2. They are authorized to deliver to applicants the proper blank forms of application and to receive from the applicants the said forms after they have been duly filled in; to issue the owners' and operators' licenses, chauffeurs' licenses, registration certificates, seals, badges and plates mentioned in the said law; and to lay complaints for violation of the law; when the License Issuer is not a Collector of Provincial Revenue, each such complaint is to be laid with the Collector of Provincial Revenue of the district in which the office of License Issuer is situate.

3. In cases where the structure of a motor vehicle is such that the registration number cannot conveniently be printed thereon as required by section 4 of the law, there may be used instead, at the front and back, a rubber or metal board or plate attached to the vehicle by rivets or in some equally firm manner so as not to be easily removable. The dimensions of this plate shall not be less than 12 inches by 7. The registration number shall be displayed thereon in figures of the size required by section 4 of the law, the figures to be white upon blue or black ground; and to the left of the number, or below it, shall be printed, also in white, the letter "Q". Owners of Motor Vehicles who register them subsequently to the date of the present order are required to use rubber plates obtained from the License Issuers; for each such plate a fee of \$1.00 shall be paid by the person obtaining it.

4. If any Motor Vehicle, when brought into this Province from any country or state outside of the Dominion of Canada, already bears a registration number assigned to it in such country or state, the owner or operator of such vehicle will be allowed to retain such number, which will be recognized and accepted by the officer issuing the registration certificate; in each such case, it will be sufficient to affix to the vehicle the seal furnished by such officer, the number of which seal, together with the foreign registration number, shall both be entered upon the certificate issued with the seal.

As respects motor vehicles issued in any other Province of the Dominion of Canada, see section 6 of the law.

5. Every manufacturer of or dealer in motor vehicles, when applying for a general registration number or mark under section 8 of the law, must not fail to designate to the Department upon the form of application furnished to him, each type or trade name of motor vehicle which he makes or in which he deals.

6. No license or registration certificate is to be issued before payment in full has been made therefor by the applicant.

7. The only forms of licenses, Certificates, Seals, Badges and Receipts which will be recognized by the Treasury Department are the official ones issued by the said Department.

8. The emoluments allowed to each collector of Provincial Revenue and License Issuer under this law are the following:—

One dollar out of the \$5.00 fee for each license issued ; one dollar out of the \$5.00 or \$10.00 fee for each registration certificate issued. These emoluments are to be retained by the officer out of the fees paid him for the licenses and certificates, before transmitting the said fees to the Department, but Collectors of Provincial Revenue receiving a fixed salary are not entitled to the said emoluments.

PRESENT: The LIEUTENANT-GOVERNOR in Council.

Whereas the building of bridges in this Province is closely connected with the improvement of roads for which the Legislature votes considerable grants yearly ;

*Ordered*, That the said amount of \$50,000.00 so appropriated to aid municipalities to build iron bridges in this Province, be granted on the following conditions :

1. The plans of the bridges for which the grants are given shall be prepared by the Department of Public Works and Labour or approved by the Minister after having been submitted to him.

2. The bridges shall be of iron and shall be built under the supervision and control of the Department of Public Works and Labour.

3. The grant shall include such portion of the cost of construction as may be determined by order-in-council in each case.

4. The grant shall be given only for bridges whose utility is evident and which are so large as to make their cost a burden upon the municipalities.

5. The municipalities receiving the grant shall bind themselves to keep the bridges in order after they are built, in the manner indicated by the engineer of the Department of Public Works and Labour.
