## CAP. XLI.

An Act to erect *St. Tite des Caps* into a local Municipality.

[Assented to 24th December, 1872.]

WHEREAS the inhabitants of the locality known as *St. Tite des Caps*, in the parish of St. Joachim, county of Montmorency, have, by their petition, represented that the said locality is too far removed from the inhabited part of the rest of the said parish to be joined thereto for municipal purposes, that previously to the coming into force of the municipal code, there was in it a local municipality distinct from and independent of that existing for the rest of the said parish, that a similar state of things cannot be perpetuated under the municipal code, which only recognizes as local municipalities, territories civilly erected into parishes, that the said inhabitants of *St. Tite des Caps* are too few in number and too poor to enable the said locality to be civilly erected into a parish, and whereas they have asked that the said locality be erected into a local municipality, and it is expedient to grant their prayer; Therefore, Her Majesty, by and with the advice and consent of the Legislature of Quebec, enacts as follows:

Preamble.

1. The said locality known as *St. Tite des Caps*, in the parish of St. Joachim, in the seigniory of Beaupré, and county of Montmorency, is erected into a local municipality distinct from and independent of the rest of the said parish of St. Joachim and with the following limits: All that part of the parish of St. Joachim, bounded as follows: towards the south-west, by the land or line called *des Renauds*, starting from the *Cime du Cap*, commonly known as the "cliffs," by prolonging the said line *des Renauds* to the River St. Anne; towards the north-east, by the line of division between the counties of Montmorency and Charlevoix; towards the north-west, partly by the River St. Anne, from the prolongation of the said line *des Renauds* to the point where the River of *Lac à l'Equerre* flows into the River St.
