NOTE

This volume contains the text of every Act assented to in 1995.

It also contains information that enables the reader to locate an Act, trace the stages which preceded its adoption by the National Assembly and discover some of its effects on existing legislation.

Each Act is preceded by an introductory page which contains, in addition to the chapter number and title of the Act, the number it had as a bill, the name of the person who introduced the bill, the date of each stage leading to adoption by the National Assembly and the date of assent, the date or dates of coming into force, so far as known on 1 March 1996 and a list of the Acts it amends.

The table of amendments contains a cumulative listing of the amendments made to the Revised Statutes of Québec, 1977 and to other public Acts, including the amendments made by the Acts of 1995. This is followed by a table of general amendments and a table of the corrections made for updating purposes, in accordance with the Act respecting the consolidation of the statutes and regulations (R.S.Q., chapter R-3), beginning in 1979.

The equivalence table lists the chapter number assigned, in the Revised Statutes of Québec, to the Acts adopted between the updatings of 1 January 1995 and 1 January 1996.

The dates on which Acts or parts of Acts have come into force by proclamation or order since 1964, except those already indicated in the annual volume of statutes are given in a table followed by a list of the provisions which have not yet been brought into force by proclamation or order. Other tables list the letters patent issued in 1995 in respect of municipalities, whenever their publication is required by law.

The concordance table establishes the correspondence between the number assigned to a bill before it is assented to and the chapter number assigned to it as an Act in the annual volume of statutes.

Most of the information described above, except the alphabetical index which is found at the end of the volume, is contained in that part of the volume referred to as the yellow pages.
